

Communicating Astronomy with the Public (CAP) 2021 Virtual Conference, May 24-27, 2021

TIME in UTC	DAY 2 MAY 25 - Plenary Session 2		Speaker	
07:00 - 07:10	Warm up		Ramasamy Venugopal IAU CAP Working Group Co-Chair	
07:10 - 07:20	Welcome to CAP2021 & Announcements		Ramasamy Venugopal IAU CAP Working Group Co-Chair	
07:20 - 08:00	Keynote Speaker: IAU100: Celebrating a century of progress in astronomy		Ewine van Dishoeck, President of the International Astronomical Union, The Netherlands	
08:00 - 08:15	Plenary Talk 5: Astronomy and society: why does it matter? Communicating the societal impact of		Anna-Lynn Wegener	
08:15 - 08:30	Plenary Talk 6: The impacts of content strategy on pseudoscience elimination and prevention in		Parsa Bigdeli	
08:30 - 08:45	Plenary Talk 7: An Unprecedented Global Communications Campaign for the Event Horizon		Lars Lindberg Christensen, Karin Zacher	
08:45 - 09:00	Plenary Talk 8: Inspiration and Engagement with Astronomy Through Khoi and San Starlore		Daniel Cunnama	
09:00 - 09:30	Networking session OR Poster			
09:30 - 10:30	Parallel Session 11	Parallel Session 12	Parallel Session 13	Parallel Session 14
	11.1 Astronomy Communication in an Organizational Context Presenters - Lars Lindberg Christensen (NSF's NOIRLab) Authors - Lars Lindberg Christensen (NSF's NOIRLab)	12.1 SunSpaceArt - developing creativity in children through STEAM (STEM + Arts) Presenters - Dr Helen Mason Authors - Dr Helen Mason	13.1 Micro - Blogging as an effective tool for Astronomy Communication Presenters - Joyel George (Voice) Authors - Jayant Gangopadhyay, Manash Bagchi	14.1 IAU100: Ambassadors for Astronomy Presenters - Chris Harrison Authors - Chris Harrison, Lucy Moorcraft
	11.2 Spice up your story: actions, emotions, senses Presenters - David Redeker Authors - David Redeker	12.2 Community strategies for Public Observatories: the case of Leiden Observatory Presenters - Sanne van Gammeren Authors - Sanne van Gammeren	13.2 From transactional to impact: the role of fundraising in astronomy outreach Presenters - Genevieve Marshall Authors - Genevieve Marshall	14.2 Making a Planetarium Show BVI Accessible Presenters - Chris Harrison Authors - Chris Harrison, Nic Bonne, James Trayford, Anita Zanella
	11.3 Bringing astronomy to the classrooms in the middle of a pandemic Presenters - Evanthis Hatziminaoglou Authors - Evanthis Hatziminaoglou	12.3 Moonshot: An interactive app for Kenyan school students Presenters - Dr Stacey Habergham-Mawson Authors - Dr Stacey Habergham-Mawson, Prof Andy Newsam, Susan Murabana, Chu Owen	13.3 Space4Kids: an interactive online planetarium show - how to stay in touch with the audience when you are locked down? Presenters - Martina Koppitz, Sanje Fenkart Authors - Martina Koppitz, Sanje Fenkart, Planetarium Vienna	14.3 Portrayal of Venus in media: thematic variety and sourcing preferences in Russian quality press Presenters - Victoria Kolesnichenko Authors - Victoria Kolesnichenko
	11.4 The Audible Universe Presenters - Chris Harrison Authors - Anita Zanella	12.4 Bringing astronomy to students before, during and after the corona pandemic Presenters - Eva Aumüller, Hannes Richter Authors - Eva Aumüller, Martin Dürer, Hannes Richter	13.4 Solstick: an experiment in collaborative education during the pandemic. Presenters - Andy Newsam Authors - Andy Newsam	14.4 Public engagement through the education and outreach activities conducted by the National Astronomical Research Institute of Thailand and its impact Presenters - Saran Poshychinda Authors - Saran Poshychinda
	11.5 "Science Summaries": explaining LIGO-Virgo-KAGRA results to the global public Presenters - David Keitel Authors - David Keitel for the LIGO Scientific Collaboration, Virgo Collaboration and KAGRA Collaboration	12.5 Search Engine Optimisation for a purposeful 'Communicate Astronomy with the Public' site Presenters - Avivah Yamani Authors - Avivah Yamani, Prayudi Utomo, Wicak Soegijoko, Gabriela K. Haans	13.5 Rymdskolan: breaking stereotypes and increasing science capital in Swedish upper secondary schools with narrative-inclusive interactive astronomy Presenters - Kiana Kade, Chiara Ceccobello Authors - Kiana Kade, Chiara Ceccobello	14.5 "Il cielo sopra di noi": spacing out from the covid lockdown Presenters - Daria Dall'Olio Authors - Daria Dall'Olio and Paolo Morini
